PATENT ASSIGNMENT

This Patent Assignment (the "Assignment") is made from New Star Lasers, Inc., a California corporation whose principal place of business is 9085 Foothills Blvd. Roseville, CA 95747 (the "Seller"), to Laserscope, a California corporation, whose principal place of business is 3070 Orchard Drive, San Jose, CA 95134 (the "Buyer").

Seller desires to assign to Buyer all of Seller's right, title and interest in and to the patents and patent applications any and all divisional applications, continuing applications, or reissue patents restated thereto or based thereon, any and all patents issuing thereon, and any and all foreign patents and patent applications corresponding thereto or relying thereon for its filing or convention date (the "Patents") set forth on Schedule 1.1(e) to the Asset Purchase Agreement entered into between the Seller and Buyer as of June 9, 2005 (the "Asset Purchase Agreement"), which Schedule is attached hereto as Exhibit A, together with the good will of the business pertaining thereto.

In consideration for Buyer's obligation under the Asset Purchase Agreement and for other good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, Seller does hereby assign, transfer, grant, sell and otherwise convey to Buyer all of Seller's right, title and interest in and to the Patents, including all common law rights therein, applications to register therefor, together with the good will of the business symbolized by the Patents and all claims for damages by reason of past infringements of the Patents with the right to sue for and collect the same for its own use and benefit, and for the use and on behalf of its successors, assigns and other legal representatives. Seller authorizes the Commissioner of Patents and Trademarks of the United States of America, and the empowered officials of all other governments to issue or transfer all said patents and patent applications to Buyer, as assignee thereof, or otherwise as Buyer may direct.
